Bob LaRosa

In 1979, Bob LaRosa and his wife, Carmela founded the Bob LaRosa Company. They specialized in custom home construction and development. In 1987, the R.N. LaRosa Corp. (RNLC) was created. RNLC began to build and renovate private offices, restaurants, municipal facilities, institutional facilities and industrial facilities. RNLC was changed to LaRosa Building Group, LLC in 1997.

Today, LaRosa Building Group has grown to include many different types of construction including General Construction, Construction Management, Design-Builds, & Multi-Residential Development. The company includes the leadership of the family's next generation - James LaRosa & Patricia (LaRosa) Parete - and holds fast to the same principles Robert and Carmela LaRosa set over 25 years ago: high-quality workmanship, experienced hard-working teams, operating with integrity, and maintaining financial stability.

Bob is most inspired by his customers, and frequently asks for their opinions. When a project is finished, he seeks the advice of the homeowners to determine what could have been done differently and better. He believes that the customer holds the greatest influence over what he does, and he feels that over the years he has developed a good instinct for his customers' needs and desires. Bob feels this ability to listen is his greatest strength. Consequently, Bob most enjoys projects that he is involved with from their inception all the way to fruition. He enjoys knowing he has satisfied customers and also knowing they too enjoyed his personal touch.

In Bob's spare time, he is a motorcar enthusiast, but nothing is more important to him than family and spending time with his grandchildren.

Sales Procedures Simpson Village

**By Simpson Village, LLC
June 2011**

Simpson Village is a planned community of 27 luxurious homes, including a housing opportunity component, set in the heart of Wallingford. At least 1 occupant of each home must be age 55 or older. Phase 1 consists of 11 homes with first floor master suites and an attached two-car garage located on Independence Lane. Phase II consists of 9 Housing Opportunity Homes (HOH). Phase III consists of 7 homes. Delivery date is expected to be 150 days from mortgage commitment.

- **Prospective Buyers may walk the site with the project manager, appointments are necessary.**
- **Serious prospective Buyers may place a “non-binding reservation” on an available site with a \$1000 deposit, made payable to Calcagni Associates. The reservations will be signed by project manager. These non-binding reservations will expire after 7 days.**
- **Sales agreements will be taken with a \$1000 initial deposit. Contract and condo documents will be received by the buyer at this time for a 15 day review. On the 15th day an additional \$9,000 deposit will be due and contract signed. A deposit equaling a total of 10% of the original purchase price is due upon the mortgage commitment within 30 days of the contract date.**
- **Upon mortgage commitment the payment for any upgrade is due and payment is non-refundable.**
- **Payment for change orders will be due upon the signing of said change order and payment is non-refundable.**

Reservations may be taken with a Hubbard Addendum at the seller’s discretion.
